CONFISCATION GOING NO MORE COUPONS IN ON IN BUSINESS PAPERS FOR QUEEN DISTRICT OF THE SHOW

Inspections of weight scales and volume measures, in connection with the new state law, are being pressed with vigor by Inspector George Shorten and his deputies. Quite a number of scales that failed to pass the test have been confiscated and the inspector stated that the police power of the department would be used in all cases where the scales or measures did not come up to requirements.

The scales already confiscated have been taken both from business houses and street peddlers. It is hoped by the inspectors that the meeting to be held tomorrow night in the city council chambers for the purpose of discussing the new weights and measures law, will be well attended by merchants and peddlers, so that all may fully learn what is required of them.

The Fashion Show queen contest committee has declared null and void the newspaper coupons of yesterday. At the suggestion of the newspaper publishers, no more coupons will be printed, but votes may be secured at a number of business houses in the city.

Ten beautiful contestants for the honor of queen in the Fashion Show took lunch at the Weber club today and incidentally discussed ways and means of electing to this honorary position. The occasion was featured by the amicable relations of the various contestants.

The contestants all concurred in the plan to eliminate the newspaper coupons and hereafter the votes cast in the theatres and purchased at the various drug stores and clubs will be those effective.

The committee has announced that the nominations will close at midnight, Wednesday, September 15.

Coming tomorrow, "Neal of the Navy," at the Alhambra two days.

The officers say that they have conclusive evidence that the Peters brothers, on September 4, stole a bunch of range cattle in the Wheeler basin and drove them away. The two men have been trailed for a number of days.

It is said that the Peters' boys are residents of Salina, near Richfield, and that they have the reputation of being "cattle rustlers." The cattle that were stolen belonged to different parties in Ogd and other places.

HISTORICAL SOCIETY.

The Historical society was entertained Saturday afternoon by Mrs. D. H. Adams. In spite of rain there was a goodly attendance and all within was pleasing. The floral decorations were profuse and the arrangement artistic.

Mrs. Bishop, presiding officer, offered the following motto as a basis for thought and action for the year: "Look to the work the times reveal! Crave but to have in it a part. Give thanks and clasp thy heritage, To be alive in such an age."

Elaborating on this motto, she referred to the present war and its suffering and said that every American must today thank God for American democracy.

She paid tribute to the democracy of Woodrow Wilson which was the cooperation of all for the common good; and touched upon the broad views of Andrew Carnegie which prompted him to distribute his wealth for the benefit of the many. She urged the members to study existing conditions and where wrongs were discovered to make it their civic duty to change them, claiming that woman was especially gifted for this work.

Mrs. Gertrude Carr then gave an interesting article on "Woman in the Public Eye." In witty style she noted the change in the militancy of the English suffragettes, now that their country is suffering.

Mrs. Harriman's activities in the cause of eugenics was touched upon as was the call of Mrs. Norman Whitehouse for a universal strike for one day, of all the women engaged in industries in the United States. She reviewed Gertrude Atherton's views on the war and gave graphic word-pictures of "Mother Jones," the leader of the miners; and closed with the work of Ida M. Tarbell and the civic accomplishments of the women of California.

After Mrs. Carr's paper, a social hour was enjoyed, during which delicious refreshments were served.

WORLD'S MARKETS

New York, Sept. 14.—New high records for Bethlehem Steel and Crucible Steel were the features of interest at the outset of today's trading and revived rumors of a consolidation of the two companies. Bethlehem opened 5 points up at 340, immediately adding another 3 points. Crucible's opening price was only fractional, but this it soon extended to 3 1/2 points at 94 1/4. General Motors made an opening advance of 3 to 263, later adding 5 more.

Other specialties showed 1 to 2 point gains and American Woolen at 4 1/2 was up 2. Railroads were lower, in keeping with London's quotations for those industries.

Chicago Grain

Chicago, Sept. 14.—Wheat bulged sharply today on wet weather in the northwest. Delays to the movement of the spring crop after the all-season rain interference with the winter yield caused much more uneasiness in regard to filling contracts than would ordinarily be the case. Besides cable quotations were higher and there were fresh advices of decreasing stocks at Liverpool. Opening prices, which ranged from a shade to 3 1/4 higher, with September at \$1.01 to \$1.03, and December at 96 to 97 1/4, were followed by continued strength at a moderate reaction from the top figures reached at the start.

Prospect of cooler weather hardened corn. Selling orders were comparatively scarce. After opening 1/4 to 3/8 @ 5-8c higher, the market held firm, except for something of a sag in the September option.

Oats trading was very small. Prices were bullishly affected by the less favorable weather.

Provisions developed strength in line with the hog market. Business was much improved as to volume. The wheat close was unsettled at the same as last night to 1 1/2c higher, with September at \$1.01 1/4 and December at 95 5/8c.

The corn market closed steady, 1-4c

off to 3-8@1-2c up, compared with last night.

Mountain Brand Meats

are the favorites of the entire west, because of their superior quality.

There's a difference in various Hams and Bacon—the Mountain Brand smoked meats are made from the western grainfed porker, not the eastern cornfed hog.

They are tasty, savory—the bacon is crispy and has just enough lean meat; the hams are tender, delicious.

Mountain Brand Lard is the same as the famous Gold Leaf Brand, no change excepting the name.
